

Pharma Research Breakfast Symposium

28 June 2024
Virtual Event
9:00am to 11:00am

This breakfast symposium provides a dynamic platform for exploring the exciting landscape of pharma research in South Africa, addressing critical challenges, and paving the way for groundbreaking discoveries and improved healthcare solutions.

High Lights:

- Highlight cutting-edge research areas in South Africa's pharmaceutical sector.
- Discussing key challenges in research and development (R&D).
- Fostering collaboration between stakeholders to drive innovation and improve healthcare outcomes.
