

Managed Healthcare Symposium

26-27 June 2024

Protea Balalaika hotel, Sandton.

“Shaping the Future of Managed Care: Innovation, Sustainability, and Access”

The Managed Care Symposium offers a comprehensive exploration of key topics shaping the future of healthcare management in the country. Through a series of sessions, these topics will be unpacked by experts in managed care. This symposium provides a platform for stakeholders to exchange ideas, share best practices, and gain valuable insights into the evolving landscape of managed care.
